Funeral Guide February 2024

Here at Cornwall Floral Design, we understand the important role flowers can play in helping to say goodbye.

This brochure is a useful guide to assist you in choosing the perfect and personal tribute.

If you have any questions, or require any additional advice, please contact your funeral directors, or you are welcome to call our florists.

Please note: Flowers may vary from image shown due to seasonal availability.

Our florists will ensure a suitable substitute is chosen.

If you have any particular flowers you would like to include, please ask our florists, and they will advise or offer alternatives.

Kelly Ann and Kayleigh have many years' experience in floristry, and are always happy to talk through your requirements.
